Directors' Report

The directors of Maple-Brown Abbott Limited, the Responsible Entity of the Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged (the "Fund"), present their report together with the financial report of the Fund, for the year ended 30 June 2021 and the auditor's report thereon.

Responsible Entity

Maple-Brown Abbott Limited is the Responsible Entity (AFSL No. 237296).

The names of the persons who were directors of the Responsible Entity during the year or since the end of the year are as follows:

Name	Period of directorship
R A Grundy	Appointed 01/07/2008 (retired 9 October 2020)
G R Bazzan	Appointed 01/07/2008
T T Robinson	Appointed 07/03/2013
R A R Lee	Appointed 22/10/2015
J A Elliott	Appointed 04/01/2017
S N Roberts	Appointed 04/04/2019
S S Rahmani	Appointed 14/10/2019

Maple-Brown Abbott Global Listed Infrastructure Pty Limited is the investment manager of the Fund.

The registered office and principal place of business of the Responsible Entity and the Fund is Level 31, 259 George Street, Sydney, NSW 2000.

Principal activities

The Fund invests in global listed infrastructure securities (via the Maple-Brown Abbott Global Listed Infrastructure Fund) in accordance with the provisions of the Fund's Constitution. The Fund's currency exposure is substantially hedged back to Australian dollars.

The Fund did not have any employees during the year.

There have been no significant changes in the nature of those activities during the year.

Results of operations

Subject to the criteria for stock selection outlined in the Product Disclosure Statement, the Responsible Entity aims to outperform an accumulation index, comprised of the OECD Total Inflation Index plus 5.5% per annum (Benchmark) over rolling 5 year periods.

The Fund achieved a rolling five year annualised return of 4.7% p.a. after fees versus the Benchmark return of 7.8% p.a.

Results of operations (continued)

A summary of the Fund's annual performance after fees to 30 June is set out below:

	2021	2020
	%	%
Total return*	13.5	(8.2)
Benchmark	8.0	7.5

*Total return is based on the movement in net asset value per unit plus distributions and is before tax and after all fees and charges. Imputation and foreign income tax offsets are not included in the performance figures.

Unit prices and distributions

	2021	2020
	\$	\$
Unit prices		
Net asset value price per unit (ex-distribution as at 30 June)	1.1678	1.0495
Distribution		
Distributions per unit for the year ended 30 June (excluding tax credits) (note 5)	0.0214	0.0195

State of affairs

The spread of the novel coronavirus (COVID-19) was declared a global pandemic on 11 March 2020 by the World Health Organisation. The rapid spread of the virus has seen an unprecedented response by governments and regulators. The COVID-19 pandemic is having an impact on both local and global economies and financial markets.

In the opinion of the Responsible Entity, there were no other significant changes in the state of affairs of the Fund during the financial year under review.

Likely developments

The Fund will continue with its principal activities as detailed earlier in this report.

Events subsequent to balance date

Whilst the COVID 19 pandemic continues to create uncertainty in global markets, there has been no significant impact on the Fund since the end of the reporting period. As the investments are measured at their 30 June 2021 fair values in the financial report, any change in values subsequent to the end of the reporting period is not reflected in the Statement of Comprehensive Income or the Statement of Financial Position. However, the change in the value of investments is reflected in the current unit price. The current unit price is available at Maple-brownabbott.com.au/global-listed-infrastructure-fund-hedged.

No other significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the Statement of Financial Position as at 30 June 2021 or on the results and cash flows of the Fund for the year ended on that date.

Interests of the Responsible Entity

The following fees were earned by the Responsible Entity from the Fund during the year:

	2021	2020
	\$	\$
Responsible Entity fees	106,077	307,082

Please refer to note 6(b) to the financial statements for details of Fund units held by the Responsible Entity and its associates.

Indemnities and insurance premiums for the Responsible Entity and auditors

No insurance premiums are paid out of the assets of the Fund for insurance cover provided to the Responsible Entity or auditors of the Fund. So long as the Responsible Entity acts in accordance with the Constitution and the law, the Responsible Entity is generally entitled to an indemnity out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are not indemnified out of the assets of the Fund.

The Articles of Maple-Brown Abbott Limited (the Company), in conjunction with the Deed of Access, Insurance and Indemnity entered into with the directors and officers of the Responsible Entity, indemnify the directors and officers against all liabilities to another person (other than the Company or related party) that may arise from their position as directors or officers of the Company, except where the liability arises out of conduct involving lack of good faith. The Articles stipulate that the Company will meet the full amount of any such liabilities, including costs and expenses.

Environmental Legislation

The operations of the Fund are not subject to any particular or significant environmental regulation under a Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

The Fund is of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, and in accordance with that Instrument, amounts in the financial report and the Directors' report have been rounded to the nearest thousand dollars unless otherwise stated.

Lead Auditor's Independence Declaration under section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 5 and forms part of the Directors' report for the year ended 30 June 2021.

Dated at Sydney this 6 day of September 2021.

Signed in accordance with a resolution of the directors of Maple-Brown Abbott Limited.

A handwritten signature in black ink, consisting of a stylized, circular flourish on the left and a long, horizontal, wavy line extending to the right.

Director of Maple-Brown Abbott Limited (ABN 73 001 208 564)

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Maple-Brown Abbott Limited as the Responsible Entity of
Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged

I declare that, to the best of my knowledge and belief, in relation to the audit of Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged for the financial year ended 30 June 2021 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

1 Summary of significant accounting policies

The Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged (the "Fund") is a fund domiciled in Australia and is a for profit entity. The Fund was constituted on 19 June 2015 and will terminate 80 years (less one day) from the date of commencement or at such earlier time as provided by the Fund's Constitution or by the law. The Fund was registered as a Scheme on the 6 July 2015 and commenced investing activities from 14 July 2015.

Maple-Brown Abbott Limited is the Responsible Entity. The registered office and principal place of business of the Responsible Entity is Level 31, 259 George Street, Sydney, NSW 2000.

This annual financial report covers the Fund as an individual entity.

The Annual Financial Report was authorised for issue by the directors on 6 September 2021. The directors of the Responsible Entity have the power to amend and reissue the financial report.

(a) Statement of compliance

The annual financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards and interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia.

The annual financial report of the Fund also complies with International Financial Reporting Standards and interpretations issued by the International Accounting Standards Board.

The financial report is prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

(b) Basis of preparation

Functional and presentation currency

The annual financial report is presented in Australian dollars, which is the Fund's functional currency.

Use of estimates

The Responsible Entity makes estimates and assumptions that affect the reported amounts in the financial statements. These estimates and associated assumptions are reviewed regularly and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The use of estimates and critical judgements in fair value measurement is described in note 8(a).

New accounting standards and interpretations

There are no new accounting standards, amendments and interpretations that are effective for the first time for the financial year beginning 1 July 2020 that have an impact on the Fund.

Comparative Information

Comparative information for Proceeds from sale and Payments for purchase of Financial Assets is reclassified from Investing activity to Operating activities and Distributions paid is reclassified from Operating activities to Financing activities in the Statement of Cash Flows to conform with the current year's presentation. There were no changes to the balances as the result of this reclassification.

1 Summary of significant accounting policies (continued)

(c) Financial instruments

Classification

The Responsible Entity classifies the Fund's investments based on its investment strategy for managing those financial assets and their contractual cash flow characteristics. The Responsible Entity evaluates the performance and related financial information about its investments on a fair value basis in accordance with the Fund's investment strategy.

Measurement

Financial assets

The Fund's financial assets are classified either as "fair value through profit or loss" or as "amortised cost". Financial assets which are classified as "fair value through profit or loss" are recognised or derecognised by the Responsible Entity as such at trade date. They are initially recognised at fair value, excluding transaction costs, which are expensed as incurred. Thereafter they are re-measured at fair value, with any resultant gain or loss recognised immediately in the Statement of Comprehensive Income.

Financial assets' fair values are determined as follows:

(i) Listed equities held via unlisted unit trusts

Listed equities held via units in unlisted unit trusts are valued at the net asset value price as reported by the manager at close of business on the day the trusts are being valued.

(ii) Cash and cash equivalents

Cash and cash equivalents may include cash at bank, deposits at call with banks, term deposits and bank bills of exchange and are valued at cost.

(iii) Receivables

Receivables include balances due from sale of unlisted unit trust units, distributions receivable, reduced input tax credit receivable as well as other income receivable. Amounts are generally received within 30 days of being accrued for. Receivable amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on receivables at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition.

The amount of the impairment loss is recognised in profit or loss within other operating expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other operating expenses in profit or loss.

Financial liabilities

Financial liabilities of the Fund are measured at "amortised cost" using the effective interest method.

Financial liabilities include distributions payable, balances due to brokers, redemptions payable and sundry creditors and accruals which are carried at "amortised cost" using the effective interest method. These financial liabilities are of a short term nature and hence their carrying value approximates fair value.

The issue of redeemable units in the Fund are classified as equity because the units issued by the Fund satisfies all criteria for the classification of puttable financial instruments as equity under AASB 132 *Financial Instruments: Presentation*.

1 Summary of significant accounting policies (continued)

(c) Financial instruments (continued)

Derivatives to which hedge accounting is applied

The Fund holds derivative financial instruments to hedge its foreign currency exposure. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in profit or loss.

The Fund designates forward foreign exchange contracts as the hedging instrument to hedge foreign exchange component of the change in fair value of its investment in the Maple-Brown Abbott Global Listed Infrastructure Fund (hedged item).

At inception of the designated hedging relationship(s), the Fund documents the risk management objective and strategy for undertaking the hedge. The Fund also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

(d) Foreign currency translation

Transactions during the year denominated in foreign currency have been translated at the exchange rate prevailing at the transaction date. Overseas investments and currency, together with any accrued income, are translated at the exchange rate prevailing at the reporting date. Unrealised exchange gains and losses arising on the revaluation of investments are included in investment income, as part of the net change in the fair value of investments. All other material foreign currency exchange differences relating to monetary items, including cash and cash equivalents are presented separately in the Statement of Comprehensive Income.

(e) Revenue and expenses

Distributions from unlisted unit trusts are recognised as at the date the unit value is quoted ex-distribution. Where a present entitlement to a distribution exists at year end, it is derived for tax purposes.

Interest on cash deposits is calculated using the effective interest method and is recognised as revenue in the Statement of Comprehensive Income on an accruals basis.

Net change in the fair value of financial instruments at fair value through profit or loss is determined as the difference between the fair value at year end or consideration received (if sold during the year) and the fair value as at the prior year end or acquisition (if the investment was acquired during the year). The fair value changes in the hedging instruments (derivatives) are also included in net change in the fair value of financial instruments at fair value through profit or loss.

Transaction costs incurred in the acquisition and disposal of assets are expensed in the Statement of Comprehensive Income on an accruals basis.

Expenses, including Responsible Entity fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

1 Summary of significant accounting policies (continued)

(f) Distributions

In accordance with the Fund's Constitution, the Responsible Entity may elect whether to make a distribution. Once elected by the Responsible Entity, distributions paid and payable are recognised and disclosed as transactions with unitholders in the Statement of Changes in Equity.

(g) Change in net assets attributable to unitholders

Unrealised gains and losses arising from movements in the fair value of assets are held within net assets attributable to unitholders. The taxable and concessionally taxed portions of realised capital gains on the disposal of investments are attributed to unitholders in the period for which they are assessable for tax purposes.

(h) Taxation

The Fund has elected into the Attribution Managed Investment Trust (AMIT) regime. On the basis that unitholders are attributed all of the taxable income of the Fund (which includes net realised capital gains) for a financial year, the Fund itself should not be liable for tax. Unitholders will be attributed a share of the taxable income of the Fund and will be required to include the amount attributed to them in their assessable income.

The price of a unit is based on the market values of underlying assets and thus may include a share of unrealised taxable capital gains/losses. Should a net gain be realised, that portion of the gain that is subject to capital gains tax will be attributed to unitholders.

Any balance of realised capital losses is not attributed to unitholders but is carried forward to be offset against any future realised capital gains. If realised capital gains exceed realised capital losses, the excess is attributed to unitholders.

(i) Net assets attributable to unitholders

The net assets attributable to unitholders are classified as equity because the units issued by the Fund satisfy all the criteria for "puttable financial instruments" to be classified as equity under AASB 132 *Financial Instruments: Presentation*.

Units issued by the Fund provide unitholders with the right to redeem their units on request. The fair value of redeemable units is measured at the net asset value price.

(j) Determination of redemption price for units in the Fund

The redemption price is determined in accordance with the Constitution and is calculated as the value of the assets of the Fund less its liabilities, adjusted for estimated transaction costs, divided by the number of units on issue.

(k) Goods and services tax (GST)

The Responsible Entity fees and other expenses are recognised net of the amount of GST recoverable as a reduced input tax credit (RITC). Receivables and payables are stated inclusive of GST. Cash flows are included in the Statement of Cash Flows on a gross basis.

2 Interests in unconsolidated structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding control and the relevant activities are directed by means of contractual arrangements. The Fund considers all investments in unlisted unit trusts to be interests in structured entities.

The Fund's maximum exposure to loss from its interests in the structured entities is equal to the total fair value of its investments in these entities. The Fund's exposure to any risk from the structured entities will cease when these investments are disposed of. The Fund does not have current commitments or intentions and contractual obligations to provide financial or other support to the structured entities. There are no loans or advances made to these entities.

The table below sets out the unconsolidated structured entities held by the Fund at 30 June:

	Asset class	Statement of Financial Position reference	Fair value \$'000
2021	Overseas equities	Units in the unlisted Maple-Brown Abbott Global Listed Infrastructure Fund	482,882
2020	Overseas equities	Units in the unlisted Maple-Brown Abbott Global Listed Infrastructure Fund	360,242

The investment manager of each unconsolidated structured entity is responsible for implementing and monitoring the entity's investment objective and strategy. The investment decisions are based on the analysis conducted by the underlying investment manager. The return of the Fund is exposed to the variability of the performance of the underlying structured entity.

3 Net assets attributable to unitholders

	2021		2020	
	\$'000	Units '000	\$'000	Units '000
Opening balance	364,455	347,262	302,432	260,056
Profit/(loss) from operating activities	55,147	-	(30,519)	-
Transactions with unitholders:				
Applications	115,713	106,531	122,085	108,020
Redemptions	(55,060)	(49,800)	(23,695)	(20,814)
Distributions paid and payable to unitholders	(8,485)	-	(5,848)	-
Total transactions with unitholders	52,168	56,731	92,542	87,206
Closing balance	471,770	403,993	364,455	347,262

The Responsible Entity considers net assets attributable to unitholders as capital. This capital is invested in accordance with the provisions of the Fund's Constitution. The Responsible Entity may make additional investments in the case of net applications, or realise investments in the case of net redemptions, depending on the desired level of liquidity in the Fund. Under the Fund's Constitution, the Responsible Entity may suspend applications or redemptions if it is considered to be in the best interests of unitholders.

4 Auditor's remuneration

	2021	2020
	\$	\$
Audit services - KPMG:*		
Audit and review of the Annual Financial Report	13,090	13,090
Audit of the Compliance Plan	4,345	4,345

The transactions with the Maple-Brown Abbott Global Listed Infrastructure Fund are carried out on the same terms and conditions as for other unitholders in that Fund.

Transactions with other parties

Details of the transactions during the year by each specified director and their personally related entities are as follows:

	Unitholder	Number of units held at 30 June	Fair Value	Units purchased during the year	Units sold during the year	Distributions received/ receivable during the year
			\$			\$
2021	J A Elliott	139,778	163,233	49,264	-	2,394
	R A R Lee	211,131	246,559	211,131	-	401
2020	J A Elliott	90,514	94,994	44,203	-	1,471

Other entities associated with the Responsible Entity may hold units in the Fund from time to time in various capacities. The transactions with those other entities and any of the above related entities are carried out on the same terms and conditions as for other unitholders in the Fund.

7 Notes to the Statement of Cash Flows

(a) Components of cash and cash equivalents

	2021 \$'000	2020 \$'000
Cash at bank	9	9

(b) Reconciliation of change in net assets attributable to unitholders to cash flows from operating activities

	2021 \$'000	2020 \$'000
Profit/(loss) for the reporting period attributable to unit holders	55,147	(30,519)
Proceeds from sale of financial instruments held at fair value through profit or loss	111,835	66,645
Purchase of financial instruments held at fair value through profit or loss	(158,708)	(155,419)
Net (gains)/losses on financial instruments held at fair value through profit or loss	(46,777)	36,455
Net change in receivables and other assets	(224)	1,819
Net change in payables and other liabilities	(8)	218
Dividend and distribution income reinvestment	(1,548)	(6,239)
Rebates reinvested	(827)	(1,115)
Total Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities	<u>(41,110)</u>	<u>(88,155)</u>

(c) Non-cash operating and financing activities

The following amounts are not included in the Statement of Cash Flows:

Operating activities

Distribution income reinvestment

During the year the Fund received distributions in the form of units via a distribution reinvestment plan (DRP). The dividend and distribution income reinvestments are not included in the Statement of Cash Flows relating to the purchase of investments. The value of the units received is based on the market value as determined by the DRP rules and is detailed below:

	2021 \$'000	2020 \$'000
Distributions received in the form of units	8,250	7,977
Other income received in the form of units	-	318

Financing activities

Unitholder distributions and rebates reinvested

The Fund issues new units in consideration for the reinvestment of distributions and rebates payable to unitholders.

7 Notes to the Statement of Cash Flows (continued)

(c) Non-cash operating and financing activities (continued)

The value of the units and number of units issued or redeemed during the year is summarised below:

	2021		2020	
	\$'000	Units '000	\$'000	Units '000
Units issued or redeemed:				
Unitholder distribution reinvested	4,576	4,235	6,639	5,844
Unitholder rebate reinvested	827	769	942	851

Operating activities

The above distribution income reinvestments are not included in the Statement of Cash Flows relating to the purchase of investments.

(d) Reconciliation of liabilities from financing activities

The net change in financing activities during the year is \$41,110,401 which was from application, redemption and distribution paid made by unitholders (2020: \$88,047,000).

8 Financial instruments

Risks and capital management objectives

The Fund's activities expose it to a variety of risks: market risk (including price risk, interest rate change and currency risk), liquidity risk, credit risk and operational risk.

Since the Fund's sole equity investment is via the Maple-Brown Abbott Global Listed Infrastructure Fund, the majority of the Fund's exposure is via this investment. The Responsible Entity seeks to manage the Maple-Brown Abbott Global Listed Infrastructure Fund's financial risks through a variety of activities, including:

- Global diversification by investing in securities diversified across a range of OECD and non-OECD countries, and across a wide range of infrastructure sectors. The objective is to ensure the portfolio is not unduly weighted towards a single individual sector, country, company or macro-economic risk;
- Careful analysis and research, this may include information discussions with the management of the companies, in which the Fund invests, financial statements analysis and economic indicators;
- Investing in stocks that meet stringent investability requirements such as a minimum market capitalisation and sufficient daily liquidity;
- Being macro-aware through the investment process, focussing on the macro factors that are believed to have greatest impact on infrastructure asset valuations. Portfolio construction includes a focus on reducing the potential for negative tail risk by considering fiscal and monetary conditions across the regions; and
- Investing in accordance with the specific investment policies and restrictions set out in the Product Disclosure Statement.

8 Financial instruments (continued)

The key element in the Maple-Brown Abbott Global Listed Infrastructure Fund's investment philosophy is to seek to hold investments that offer inflation protection and lower volatility and the focus on these characteristics is central to the investment process. Included in this process is the ranking of stocks on selected risk and inflation protection criteria and on their estimated 10 year investment returns. This process identifies those stocks the Responsible Entity considers to show the greatest risk adjusted valuation upside.

The nature and extent of the financial instruments outstanding at the balance date and the risk management policies employed by the Fund and the Maple-Brown Abbott Global Listed Infrastructure Fund are discussed below together with the specific investment objectives and policies applicable.

While the COVID-19 pandemic has caused uncertainty and market volatility during the period, the Responsible Entity has continued to follow its established policies and process (as set out in this note) in managing risk and determining the fair value of the financial assets and liabilities as at the reporting date. No changes were required to the principles used in applying the fair value measurement hierarchy to financial assets and liabilities held, with each asset and liability continuing to be classified in a manner which reflects the significance and observability of the inputs used in the valuation.

(a) Market risk

Market risk is the risk that the value of a financial instrument will change as a result of exposure to market price changes, interest rate changes and currency movements.

Price risk

The Fund's market price risk is managed on a daily basis in accordance with the following specific investment policies and restrictions.

Investment policies

The Responsible Entity will invest at least 80% of the Fund's total assets (currently via investing in the Maple-Brown Abbott Global Listed Infrastructure Fund) in global listed infrastructure securities, including hybrid or debt securities issued by infrastructure securities or unlisted equities provided that they are expected to be listed within 3 months from the date of investment.

Investment restrictions

The primary guidelines, in terms of portfolio construction (currently via investing in the Maple-Brown Abbott Global Listed Infrastructure Fund), in relation to portfolio composition are as follows:

- investing (generally) in companies with a market capitalisation greater than US\$500 million;
- Exposure to a single stock should not be greater than 10% of the total portfolio;
- Equities listed in the United States of America (excluding depositary receipts) should not be greater than 65% of the total portfolio;
- Equities in any other individual OECD country (excluding depositary receipts) should not be greater than 30% of the total portfolio; and
- Equities listed in any individual non-OECD country should not be greater than 15% of the total portfolio, and will not be greater than 30% in aggregate.

8 Financial instruments (continued)

(a) Market risk (continued)

Market exposures

As at 30 June the market exposures were as follows:

	2021	2020
	\$'000	\$'000
Financial assets at fair value through profit or loss:		
Units in the unlisted Maple-Brown Abbott Global Listed Infrastructure Fund	482,882	360,242
Forward foreign exchange contracts	-	3,491
Total	482,882	363,733
Financial liabilities at fair value through profit or loss:		
Forward foreign exchange contracts	11,285	-
Total:	11,285	-

Carrying amounts versus fair values

The fair values of financial assets and financial liabilities approximates their carrying amounts in the Statement of Financial Position.

Sensitivity analysis

The table below details the approximate change in net assets attributable to unitholders if there is a percentage change in the price assuming all other variables are constant:

	2021		2020*	
	% change	\$'000	% change	\$'000
Increase in price	10	48,288	10	36,024
Decrease in price	10	(48,288)	10	(36,024)

* Comparative information has been re-presented due to a change in calculation methodology that provides a more reliable and relevant estimation of the change in net assets (The prior year number as presented in the financial report was \$29,540).

Fair value measurement recognised in the Statement of Financial Position

The fair value measurement disclosures use a three-tier value hierarchy that reflects the significance of the inputs used in measuring fair values. The fair value hierarchy is comprised of the following levels:

- Level 1 – fair values measured using quoted prices (unadjusted) in active markets for identical instruments;
- Level 2 – fair values measured using directly (i.e. as prices) or indirectly (i.e. derived from prices) observable inputs, other than quoted prices included in Level 1; and
- Level 3 – fair values measured using inputs that are not based on observable market data (unobservable inputs).

8 Financial instruments (continued)

(a) Market risk (continued)

The financial instruments carried at fair value split by valuation method is summarised below:

2021	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss:				
Units in the unlisted Maple-Brown Abbott Global Listed Infrastructure Fund	-	482,882	-	482,882
Total	-	482,882	-	482,882
Financial liabilities at fair value through profit or loss:				
Forward foreign exchange contracts	-	11,285	-	11,285
Total	-	11,285	-	11,285
2020	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss:				
Units in the unlisted Maple-Brown Abbott Global Listed Infrastructure Fund	-	360,242	-	360,242
Forward foreign exchange contracts	-	3,491	-	3,491
Total	-	363,733	-	363,733

Transfers between levels

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There have been no transfers between levels in the fair value hierarchy at the end of 30 June 2021 and 30 June 2020. There were also no changes made to any of the valuation techniques applied as of 30 June 2021.

Fair value measurement

Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and equity securities) is based on last sale prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

8 Financial instruments (continued)

(a) Market risk (continued)

Fair value in an inactive or unquoted market (level 2 and 3)

The investments in unlisted trusts included as level 2 in the above table relate to investments in other funds managed by the Responsible Entity. Further details of these investments are disclosed in note 6(b). These investments are valued at their quoted net asset value price at balance date in accordance with note 1(c).

The fair value of financial assets and liabilities that are not traded in an active market is determined by using valuation techniques. Quoted market prices or dealer quotes for similar instruments are used for debt securities held. The Fund may use a variety of valuation methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Valuation techniques used for non-standardised financial instruments, such as over-the-counter derivatives, include the use of comparable arm's length transactions, reference to the current fair value of a substantially similar other instrument or any other valuation technique that is commonly used by market participants which maximises the use of market inputs and relies as little as possible on entity-specific inputs.

For other pricing models, inputs are based on market data at the end of the reporting period.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

Fair value measurements using significant unobservable inputs (level 3)

The Fund did not hold any financial instruments with fair value measurements using significant unobservable inputs during the year ended 30 June 2021 or the year ended 30 June 2020.

Financial instruments not measured at fair value

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values due to their short term nature.

Interest rate risk

The Fund's sole equity investment is via the Maple-Brown Abbott Global Listed Infrastructure Fund. As a result, the Fund is not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates on interest bearing financial assets and liabilities.

Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates for financial instruments denominated in currencies other than the functional currency (AUD) of the Fund.

The Fund is exposed indirectly to currency risk through its investment in the Maple-Brown Abbott Global Listed Infrastructure Fund. The Maple-Brown Abbott Global Listed Infrastructure Fund holds investments in a number of countries. If the currencies of those countries change in value relative to the base currency (AUD), the value of the financial instruments will change and this is reflected in the fair value of the investments on the Statement of Financial Position.

Currency risk is mitigated via forward foreign exchange contracts (designated hedge instrument) entered

8 Financial instruments (continued)

(a) Market risk (continued)

into by the Fund. The Fund uses the forward foreign exchange contracts to hedge against changes in foreign exchange rates.

The table below shows the currency exposure of the Fund's financial assets.

	At 30 June 2021				At 30 June 2020			
	Investments*	Net Monetary Assets	Total		Investments	Net Monetary Assets	Total

Derivative fair value disclosure - foreign exchange hedging

The Responsible Entity has appointed National Australia Bank (NAB) to act as the Fund's agent to manage foreign currency hedging by reducing the total foreign exchange exposure of the Fund through forward foreign exchange contracts.

NAB will execute forward foreign exchange contracts in accordance with the investment guidelines agreed with the Responsible Entity. The investment guidelines document the desired hedge portfolio ratios and desired currency hedge ratio for each foreign currency included in the hedging and provide for daily and monthly rebalancing within pre-agreed tolerances.

Generally the hedge will be closed out (close out date) every three months and a new hedge put in place. Any gain or loss on close out will be settled within five business days. Gains result in a positive cash flow and losses result in a negative cash flow.

8 Financial instruments (continued)

(a) Market risk (continued)

The table below outlines the minimum and maximum range limits for each foreign currency included in the hedging.

Currencies	Benchmark Percentage	Rebalancing Date and Close Out Date Hedging ranges	
		Minimum	Maximum
Australian Dollar Hedge of Portfolio Value	100%	95%	105%
Hedging from each foreign currency to AUD	Portfolio weight*	90%	110%

*Foreign currency exposure via the Fund's investment in the Maple-Brown Abbott Global Listed Infrastructure Fund

**On each Rebalancing Date or Close Out Date NAB must rebalance the Hedge Portfolio so the hedging is within the minimum and maximum range limits.

The fair value of the Fund's derivative financial instruments at year end is detailed below:

	Notional Hedge Portfolio	Financial assets at fair value through profit or loss	Financial liabilities at fair value through profit or loss
	\$'000	\$'000	\$'000
2021			
Forward foreign exchange contracts	443,800	-	11,285
2020			
Forward foreign exchange contracts	326,401	3,491	-

The changes in fair values of the hedging instrument and hedged item used as the basis for recognising hedge ineffectiveness for the period are recognised in the profit or loss. There is no material change in fair values resulting from hedge ineffectiveness for the year ended 30 June 2021.

8 Financial instruments (continued)

(a) Market risk (continued)

Sensitivity analysis

The table below details the approximate change in net assets attributable to unitholders if there is a percentage change in exchange rates relative to AUD assuming all other variables are constant, including forward points:

	2021		2020	
	% change	\$'000	% change	\$'000
Decrease in exchange rates relative to AUD				
- Financial assets at fair value through profit or loss	10	(41,606)	10	(31,573)
- Foreign currency hedging	10	41,374	10	29,356
		(232)		(2,217)
Increase in exchange rates relative to AUD				
- Financial assets at fair value through profit or loss	10	50,852	10	38,590
- Foreign currency hedging	10	(50,569)	10	(35,880)
		283		2,710

(b) Liquidity risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund is exposed to daily cash redemptions of redeemable units. The majority of the Fund's investments in equity securities are considered to be readily realisable. The Fund primarily holds investments in an active market which can be readily disposed.

Fund liabilities are met via the redemption of units held in the Maple-Brown Abbott Global Listed Infrastructure Fund.

In order to manage the Fund's overall liquidity, the Fund's Constitution permits the Responsible Entity to suspend withdrawals if it's considered to be in the best interests of unitholders. Due to ongoing uncertainty as the result of pandemic, the Responsible Entity continued to actively monitor the liquidity of the Fund through monitoring investor redemption and application levels and any impact on the financial assets and liabilities.

8 Financial instruments (continued)

(b) Liquidity risk (continued)

The table below shows financial liabilities grouped into relevant maturities based on the remaining period at 30 June to the contractual maturity date:

	Less than 1 month \$'000	1-3 months \$'000	3-12 months \$'000	More than 1 year \$'000	Total* \$'000
2021					
Distributions payable	767	-	-	-	767
Redemptions payable	137	-	-	-	137
Sundry creditors and accruals	3	-	-	-	3
Total	907	-	-	-	907
	Less than 1 month	1-3 months	3-12 months	More than 1 year	Total
2020					
Redemptions payable	199	-	-	-	199
Sundry creditors and accruals	10	-	-	-	10
Total	209	-	-	-	209

* The carrying amounts equal the contractual cashflow amounts

(c) Credit risk

Credit risk is the risk that the Fund may incur a loss if other parties fail to perform their obligations under the financial instruments which comprise the Fund's investment portfolio.

Any non-equity investments generally incorporate credit assessments in investment valuations and the risk of loss is implicitly provided for in the determination of the fair value of such investments. The Fund also has a credit risk exposure in relation to its transactions with counterparties such as brokers, banks and other financial intermediaries.

The Responsible Entity manages the concentration of credit risk by transacting through a number of brokers all of whom operate on recognised and reputable exchanges.

Total credit risk for the Fund arising from recognised financial instruments is limited to the value of the Fund's investments and receivables shown in the Statement of Financial Position.

Cash and cash equivalents held by the Maple-Brown Abbott Global Listed Infrastructure Fund are held with banks with a rating of BBB+ or higher (as determined by Standard & Poor's).

(d) Operational risk

Operational risk is the risk of direct or indirect loss to the Fund associated with the Responsible Entity's processes, personnel, technology and infrastructure, and from external forces (other than credit, market and liquidity risks) such as those arising from changes to legal and regulatory requirements.

The objective of the Responsible Entity in managing operational risk is to mitigate as much as possible the risk of financial losses and damage to reputation, commensurate with overall cost effectiveness.

8 Financial instruments (continued)

(d) Operational risk (continued)

The Responsible Entity is responsible for the development and implementation of controls to address operational risk. This responsibility is supported by the development of an overall control framework implemented to manage operational risk, key aspects of which include:

- appropriate segregation of duties, including the independent authorisation of transactions;
- cash and securities positions are completely and accurately recorded and reconciled to third party data;
- monitoring the performance of external service providers;
- documentation of controls and procedures;
- periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- reporting of operational losses and proposed remedial action, with appropriate follow-up;
- assessment and mitigation of cyber risks and development of contingency business continuity, including disaster recovery plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation, including insurance where this is effective.

9 Offsetting financial assets and liabilities

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The gross and net positions of financial assets and liabilities that have been offset in the Statement of Financial Position are disclosed in the first three columns of the tables below.

10 Events subsequent to balance date

Whilst the COVID 19 pandemic continues to create uncertainty in global markets, there has been no significant impact on the Fund since the end of the reporting period. As the investments are measured at their 30 June 2021 fair values in the financial report, any change in values subsequent to the end of the reporting period is not reflected in the Statement of Comprehensive Income or the Statement of Financial Position. However the change in the value of investments is reflected in the current unit price. The current unit price is available at Maple-brownabbott.com.au/global-listed-infrastructure-fund-hedged.

10 Events subsequent to balance date (continued)

No other significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the Statement of Financial Position as at 30 June 2021 or on the results and cash flows of the Fund for the year ended on that date.

Directors' declaration

In the opinion of the directors of Maple-Brown Abbott Limited, the Responsible Entity of the Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged:

- 1 The financial statements and notes to and forming part of the financial statements are in accordance with the *Corporations Act 2001*, including:
 - (a) giving a true and fair view of the Fund's financial position as at 30 June 2021 and of its performance for the year ended on that date; and
 - (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*;
- 2 The financial report also complies with International Financial Reporting Standards disclosed in note 1(a); and
- 3 There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Dated at Sydney this 6 day of September 2021.

Signed in accordance with a resolution of the directors of Maple-Brown Abbott Limited.

Director of Maple-Brown Abbott Limited (ABN 73 001 208 564)

Independent Auditor's Report

To the unitholders of Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged,

Opinion

We have audited the **Financial Report** of the Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged (the Fund).

In our opinion, the accompanying **Financial Report** of the Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged is in accordance with the *Corporations Act 2001*, including

- giving a true and fair view of the Fund's financial position as at 30 June 2021, and of its financial performance and its cash flows for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises the:

- Statement of financial position as at 30 June 2021
- Statement of comprehensive income for the year then ended
- Statement of changes in equity, and Statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Fund in accordance with the *Corporations Act 2001* and the relevant ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code). We have fulfilled our other ethical responsibilities in accordance with the Code.

Other Information

Other Information is financial and non-financial information in the Maple-Brown Abbott Global Listed Infrastructure Fund - Hedged's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. This includes the Directors' Report. The Directors of Maple-Brown Abbott Limited (the Responsible Entity) are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of Directors for the Financial Report

The Directors of Maple-Brown Abbott Limited (the Responsible Entity) are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- assessing the Fund's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the Audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our Auditor's Report.
